EST.1995
Further and Higher Education Institution

An active European education network.

Learn Key Institute participates in Erasmus+ activities supporting international cooperation, academic mobility and professional development.

- Participation in Erasmus+ mobility and cooperation projects
- Opportunities involving learners, educators and institutions
- Programmes aligned with European quality and compliance standards
- Coordination and programme-delivery support from an experienced team
- Documentation assistance for approved Erasmus+ activities

Explore undergraduate or postgraduate modules that complement your studies, subject to availability and institutional agreement.

FIND YOUR FIELD

- Business & Management
- IT & Computing
- Health & Social Care
- Tourism & Hospitality
- Accounting & Finance
- Software Design, AI & Cloud Computing
- Nursing Studies
- Logistics & Supply Chain

A focused business pathway

MQF Level 5 Diploma in Business Management: a 30 ECTS semester combining six core modules and one elective.

Looking beyond a semester?

Enquire about year-long study, academic transfer and progression into Bachelor's or Master's programmes. Entry requirements apply.

PLAN YOUR ACADEMIC RECOGNITION

Agree modules and intended recognition with your home institution through the Learning Agreement before departure. Full-degree enrolment is distinct from Erasmus+ exchange.

Bring new ideas to your classroom.

Five-day programmes for teachers, school leaders and education professionals. Explore practical approaches through discussion, collaboration and reflection.

01

AI & Ethical EdTech

Explore AI tools, digital safety and responsible use, balancing innovation with sound teaching practice.

02

Cultural Integration & Exchange

Develop culturally responsive teaching and communication strategies that encourage dialogue and inclusion.

03

CLIL: Language & Content

Connect subject learning with language development through lesson planning, scaffolding and assessment.

04

Neurodiversity in Education

Explore Universal Design for Learning, accessible materials and practical strategies to support diverse learners.

05

Sustainability & the SDGs

Bring sustainability into everyday teaching through environmental projects and cross-curricular learning.

STAFF MOBILITY & KNOWLEDGE SHARING

Partner institutions are welcome to discuss teaching and training mobility. Contact our team to confirm dates, availability, fees and suitability for your institution’s Erasmus+ project.

LET'S BUILD YOUR NEXT CONNECTION

Learn together.
Go further.

We welcome universities, colleges, schools and education organisations interested in mobility and international cooperation.

Support throughout your journey

Learning Agreements and documentation • Orientation
Accommodation guidance • Visa-related guidance, where applicable
Language support and mentoring • Partner coordination

01 EXPLORE

Share your interests and preferred mobility period.

02 CONFIRM

Discuss suitability, eligibility and institutional arrangements.

03 PREPARE

Complete agreements and practical arrangements.

Participation and funding are subject to eligibility, institutional approval and applicable Erasmus+ conditions.
